**What YOU SHOULD KNOW about the 9<sup>th</sup> Amendment to the Constitution of Belize as it stands.**

***If Gov’t keeps its promise and Deletes the other Court Ouster Provisions & Constitutional Changes!***

**The following SECTION of the 9<sup>th</sup> AMENDMENT is the MOST DANGEROUS & CAN Silence Our People while Empowering Gov’t!**

1. This Act may be cited as the

**BELIZE CONSTITUTION (NINTH AMENDMENT) ACT, 2011,**

and shall be read and construed as one with the Belize Constitution which, as amended, is hereinafter referred to as the Constitution.

2. Section 2 of the Constitution is hereby amended by renumbering that section as subsection (1) and by adding the following as subsection (2):-

**“(2) The words “other law” occurring in subsection (1) above do not include a law to alter any of the provisions of this Constitution which is passed by the National Assembly in conformity with section 69 of the Constitution.”**

## **The following is SECTION 2 of the Constitution as it Reads NOW:**

2. This Constitution is the supreme law of Belize and **if any other law** is inconsistent with this Constitution that other law shall, to the extent of the inconsistency, be void.

What this section is basically saying is that ANY law made in the Nation of Belize, is subject to the CONSTITUTION of Belize, since the CONSTITUTION is the Supreme law of Belize.

Any law passed or made therefore, must be consistent with the Constitution. It cannot violate the Constitution. It must be in agreement with the Constitution. If it is not, the area of that new law that is not in accordance with the CONSTITUTION, is NOT VALID – it's VOID!

### **THE GOVERNMENT'S CLARIFICATION THEN IS THIS:**

What the Government is basically saying, is that If the National Assembly passes a new law, and that law is a law to AMEND or CHANGE OR ADD TO the CONSTITUTION OF BELIZE; that New Law (change/amendment), would not fall under this 'RULE' or 'Condition.'

In other words, the Government CAN PASS A LAW THAT IS IN VIOLATION of THE CONSTITUTION, however; by them adding that new law TO the CONSTITUTION, that law would become a part of the Constitution, so therefore cannot be classified as Violating it, since it is a part of it!

## **Consider the Possibilities AFTER the Passage of this 9<sup>th</sup> Amendment:**

Let's say that the Government wants to take over some land, they can pass a law which says that any private property in excess of ten (10) acres, which has a government lease, is now the property of the Government of Belize. You of course would be upset if you have such a property, and would try to take them to court, since your rights provided in the CONSTITUTION, would be violated.

Part (e) of the first section of the Constitution protects your right of ownership of private property: ***"...which preserve the right of the individual to the ownership of private property..."***

However, you would have NO recourse, since ***the Government would argue in the courts*** that 'they' and only 'they' have the authority vested in them by Section 69 of the Constitution and NO ONE CAN CHALLENGE their NEW LAW, since the new Section 2 (2) – proposed here in the 9<sup>th</sup> Amendment would be a part of the Constitution, subsequently: ***no Amendment can be considered INCONSISTENT WITH THE CONSTITUTION even if it violates it!***

The Government **can even pass a law** which says: ***"The Prime Minister Post is now a Lifetime Appointment;"*** and/or that: ***"No one will be permitted to speak out against the Government, since that would be considered Treason and punishable by \_\_\_ Years in Prison."*** This may sound far fetch and way-out, but it would be a possible scenario if the 9<sup>th</sup> Amendment is allowed to pass in its current state.

Why not ask the Government: ***"What does section 2 (2) have to do with Nationalization?"*** You see folks all the other BAD LAWS that they were proposing with this Nationalization, they have 'SCRAPPED!' Are you not a bit curious to know ***why then is Gov't fighting to keep in*** this extra clause to Amend the Constitution, since it doesn't address Nationalization?

REMINDER! ***Do you recall the Preventative Detention (8<sup>th</sup> Amendment)?*** Well, ***nothing will be able to stop the Government from bringing that back and DETAINING any suspect,*** for either Personal, Criminal or Political reasons; once that is passed! ***Wake-up!***

### **INSTEAD: Let's give Belizeans the POWER by: Amending Section 69!**

***Whereas the constitution of Belize does not provide for the Direct Input of the People of Belize*** where amendments to it are concerned; and

***Whereas Section 69*** of the Constitution of Belize states that "the National Assembly may alter ANY of the provisions of this Constitution..." and

***Whereas*** this section of the Constitution authorizes any *Government Administration which has the support of three-quarters of all the members of the House, to amend ANY portion of Our Constitution; and*

***Whereas*** section 69(5A) calls for the support of a simple majority of the Senate for Part II of the Constitution to be amended; and

***Whereas*** most Government Administration will automatically have a simple majority of the Senate, seeing that section 61 gives the Prime Minister the Power to appoint half of the members of the Senate, and the President; ***and***

***Whereas*** the Senators are NOT elected by the people of Belize;
